

CONDUCT, ANALYSE AND MANAGE YOUR ENVIRONNEMENTAL FOOTPRINTS WITH EASE

Quantis provides world-leading expertise in Life Cycle Assessment (LCA) and offers coherent, high impact solutions to organizations that are environmentally and socially responsible and wish to better understand and manage the stakes at hand.

A UNIQUE SOFTWARE TO CREATE VALUE FOR YOUR ORGANIZATION

Quantis SUITE 2.0 offers a simple and robust way to derive maximal value from your environmental information: product and company footprinting from simplified to complex assessments; consolidating data between sites along supply chains and from several IT systems; sharing information between LCA experts and non-experts, between R&D, communication and procurement.

WHAT IS NEW IN THE 2011 RELEASE?

Quantis SUITE 2.0 was first launched in 2010. Our IT team is continuously working to improve the tool and ensure it always responds to the growing needs of organizations as technology advances. The 2011 version builds on the software's solid foundation and brings an additional set of features:

INTERFACE

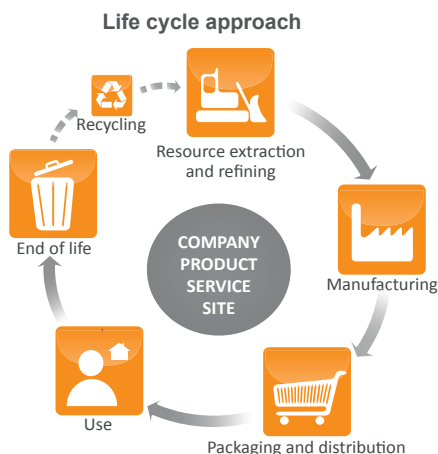

- Improved interface (design, speed)
- Adapted to each type of project
- Multi-language: English / French, others on demand
- Templates and wizard manager

MODELING

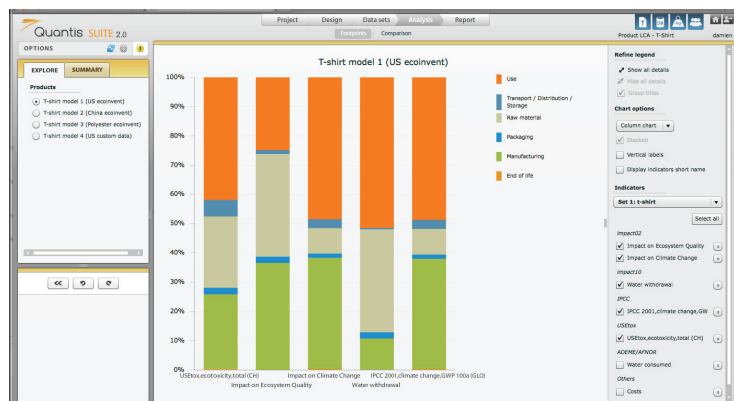

- Build and compare scenarios
- Apply parameters and formulas
- Share assessment results to use in other projects

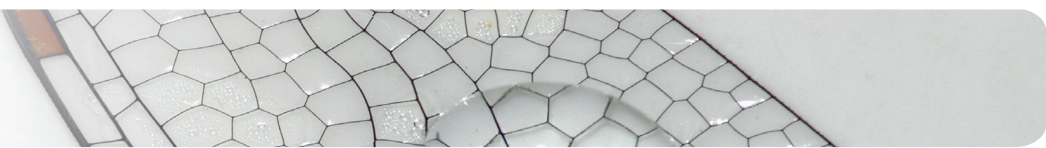

OUTPUTS

- Improved charting engine
- New charts for product footprints and for comparisons
- Indicators: comprehensive library of Life Cycle Impact Assessment methodologies

Quantis SUITE 2.0's analysis interface

A UNIQUE SOFTWARE TO CREATE VALUE FOR YOUR ORGANISATION

ACCESSIBLE & USER FRIENDLY

Unique interface to model systems with ease, apply templates and wizards, and explore results with interactive charts

FLEXIBLE & EVOLUTIVE

Web 2.0 technology to ensure a solution adapted to your needs, including latest standards, data and methodologies

RIGOROUS

A tool developed by LCA experts to answer the needs of our clients: complexity is managed in the background and not imposed on the user

- ▶ Your single point for environmental information or to complement existing solutions
- ▶ A secure, web-based application (Adobe Flash® Player®) running on Windows, Mac and Linux environments

Multi-levels: from products to company

- Dedicated interfaces
- Company-products allocation for mass LCA

Multi-users: experts & non experts

- Adapted results
- Collaboration

Multi-standards: flexibility

- Bilan Carbone®
- GHG Protocol Scope 1, 2, 3
- Environmental labelling
- PAS 2050 and more...

Multi-databases: quality

- ecoinvent
- Dedicated databases
- Company database
- Quantis Water Database

Multi-objectives: beyond the environment

- Environmental impacts
- Costs

Multi-IT systems: compatibility

- Web browsers
- Import/export from Microsoft® Excel®

Multi-indicators

Carbon footprint

Water footprint

Ecosystems quality

Natural resources

Human health

VERSIONS OF QUANTIS SUITE 2.0

STANDARD VERSION

For non LCA experts
Guidance with templates and wizards
Robust results adapted to reporting and labelling
Easy modeling and results analysis

ADVANCED VERSION*

Dedicated to LCA experts
Result analysis at inventory level
Mass LCA

*Available January 2012

Enhanced scenario features*
Sensitivity analysis*
Customized indicators*
(social, economic, others)

*Available June 2012

Options: • *ecoinvent license* • *Quantis Water Database* • *IT connectors*

ABOUT QUANTIS

Our unique combination of services and products includes LCA and support on demand, coaching, training, and more. Quantis' team of leading LCA experts can devise a strategy to adapt and evolve with your goals and needs.

Quantis advises multinationals and SMEs and realizes LCA of recognized quality.

This quality is ensured through our internationally renowned scientific expertise to identify, develop and apply state-of-the-art methods in partnership with leading research institutes. Quantis also designs the standards of tomorrow by participating in standardization efforts.
